

CIRCULAR

It is proposed to conduct a Trilateral Coordination Workshop between Madras Medical College (MMC), Directorate of Public Health (DPH), and National Institute of Epidemiology (NIE), ICMR on 23rd September 2025 at MMC.

The objective of this workshop is to identify health research priorities to address some of the existing problems encountered in patient care and community health and to develop feasible solutions.

Instructions for Departments/ Institutes:

- Each department is requested to identify 3–4 research priorities relevant to their specialty.
- For each proposed research topic, departments should prepare a brief presentation (4 slides) covering:
 1. Title
 2. Problem Statement
 3. Solutions offered
 4. Research proposal
- The presentation should be concise and focused to facilitate discussion.

Mandatory Participation:

It is mandatory for all departments/ institutes to be represented during the workshop.

Faculties from NIE, ICMR and DPH will also participate in the discussions, and selected proposals will be taken forward for further development and completion within the next 3–4 months.

Your cooperation and timely preparation are highly solicited to ensure the success of this collaborative initiative.

Venue: Red Mat Hall, 6th floor, Madras Medical College, New College Campus, Ch-3.

Date & Time: 23rd September 2025, 10 AM onwards
